General

INFORMATION

What is Zoning?

Zoning controls the use and development of land and buildings for the health, welfare and safety of the community.

What is Setback?

A setback is the required minimum horizontal distance between the front, sides, and rear of the lot to the building.

What is lot coverage?

It is the percentage of the overall area of the site that the building occupies. (building area under roof at ground level/total lot area = lot coverage percentage.).

The regulations contained herein are general in nature and are subject to change as deemed necessary by the Board of County Commissioners. It is advisable to contact Department of Planning and Zoning, Zoning Information at (305) 375-1808 to ascertain whether more restrictive regulations may apply to specific developments.
